Cut out and keep

1 COMBICHRIST **Get Your Body Beat**

With three albums under his belt and countless intense live shows around the globe, Combichrist released the militant, industrial and twistedly sexual 'Get Your Body Beat' rocketing his career from underground notoriety to stratospheric success. www.combichrist.com

2 BRILLIG **Station High**

Dark but danceable, pretty and disturbed, Brillig's electro pop-rock stylings and charm belie an undertone of intensity. Brillig's alluring melodies and odd instrumentation dare you to step through the looking glass. www.brillig.com.au

3 8 BALL JUNKIE **Vaudeville Show**

Originating from Newtown's Town Hall, 8 Ball Junkies is the real raw-rock deal with a bad-arse attitude and punchy, timeless tunes to match. www.myspace.com/eightballjunkies

4 PSYCHE **The Quickening [Club Mix]**

Psyche remain an enduring force on the independent electronic music scene. From cold harsh industrial, through warm synthpop, dancefloor minimal, dark wave, and beyond, they never fail to please lovers of dark underground music. Catch them live in 2007. www.psyche-hq.de

5 DIZZY GOTHECA **I Haven't Told Anyone About Us**

Whats in the name? A dizygotheca is actually a plant (dizygotheca elegantissima from the aralia family). You can see these plants all around Brisbane! With a z added, the name sums up the music of Brisbane ambient trip-hop duo Dizzygotheca. www.dizzygotheca.com

6 KMFDMLight

Started in Germany during 1984 by founder The Kap'n Sascha Koniętko, KMFDML have throughout their 23 years in the business pioneered the crossover between techno/dance and heavy metal with their signature industrial sound.

7 THE INFLATABLE VOODOO DOLLS **Detergent Remix**

The Inflatable Voodoo Dolls are an electro industrial music/multimedia outfit from Enmore in Sydney. A remix from their previously released 'Detergent' EP. This version features guest vocals from James Ryan of Lux Voltaire. www.enmorestation.com

8 INTRASONIC **As Pitch as Black**

Intrasonic takes its inspiration from industrial and EBM classics. With tracks ranging in style from hard hitting EBM dance songs to soulful ballads, Intrasonic covers an extensive dynamic and stylistic range. www.intrasonic.net

9 JUNK CIRCUIT **World Citizen**

Albert Martinez (Neuro) joins Sondrme Terez and Anthony Banister to create the fun sounds of Junk Circuit. Junk Circuit has a darkwave, semi-gothic appeal and echoes of the 80s sound. www.junkcircuit.com
